Cumbrian Green Business Forum (CGBF)

A local business-to-business forum for sharing views on rising fuel bills, escalating disposal costs and tighter environmental regulations.

They provide:

- Practical help to improve environmental performance.
- Networks of local businesses willing to share their expertise in environmental best practice.
- Campaigning for better recycling and other environmental facilities for the business community.

CGBF seminars and workshops are designed to help you get the best out of energy management, environmental regulations, waste recycling, purchasing and environmental performance.
