Dear Mr Parrish

**Cumbria Minerals and Waste Development Framework: Repeated Site Allocations Policies and Proposals Map DPD**

Following representations by the County Council the Inspector feels that it would be of considerable assistance to him if you could attend and participate in the discussion on Issue 4, question 4.4. This concerns the provision for high and very high specification roadstones and your regional perspective would be helpful. This session is scheduled for the morning of Wednesday, 25 April and I would be grateful if you could confirm your attendance. Please note that any statement that you wish to make should be submitted no later than noon on 4 April and in the form set out in the Guidance Notes. These and the Inspector's Issues and Questions can be found within Document ED81 on the Examination page of the County Council's website.

I enclose a copy of the Final Hearing Timetable which replaces the draft in ED81.

If you have any questions please do not hesitate to contact me.

Programme Officer
