TOPIC PAPER 5

Any Other Miscellaneous, Procedural and Outstanding Matters

CUMBRIA MINERALS AND WASTE DEVELOPMENT FRAMEWORK

**REPEATED SITE ALLOCATIONS POLICIES
AND
PROPOSALS MAP**

**HEARING SESSION 5
THURSDAY 26 APRIL
(10.00 to 13.00)**

Committee Room 2, County Offices, Kendal

***This Topic Paper is in response to Issue 5 of the Inspector's Issues and Questions
(document reference ED81)***

Any other miscellaneous, procedural and outstanding matters

Question 5.1

Any other representations for changes to the DPD required in order for it to be sound not otherwise covered in previous Hearing sessions.

1. The County Council does not consider that there are any changes required to the DPD, in order for it to be found sound. It also does not consider that there are any further significant changes required to the DPD, that have not been covered in Hearing sessions 1 to 4. The changes that the County Council is proposing are set out or referred to below.

Question 5.2

Council's recommended changes, if any, to the DPD and Proposals Map.

Ref.	Policy/chapter/paragraph	Required change	Comment
1	chapter 7, maps of proposed sites, Allerdale	add map for site AL17	this site map appears in the repeated Regulation 27 version of the DPD (LD198) and was accidentally removed from RSAP1
2	paragraph 3.25	add text re slate Mineral Safeguarding Area, to read "It is intended that the matter of an MSA for slate building stones will be addressed in the forthcoming review of the Core Strategy."	it is suggested that this text is added to the DPD, in the same way that text was added to paragraph 3.30, regarding a review of the gypsum MSA
3	various	editing changes to text	factual or clarification changes made between the repeated Regulation 27 version of the Policies and the submitted version (set out in LD199)
