

Millom Without

Electoral Division Profile 2017

Overview of Electoral Division

Millom Without is an Electoral Division within the District of Copeland. It is one of the larger geographical electoral divisions along the West coastal strip of Cumbria, with a total population of 5,587

To the north of the electoral division lie the larger towns of Whitehaven, Workington and Egremont. Not as far north is the well-known nuclear site of Sellafield providing the main source of employment for the area.

Much of the division sits within the Lake District National Park and is home to many tourist attractions of the Western Lake District including Muncaster Castle & Gardens, Hardknott Pass, The Ravenglass & Eskdale Railway, Ravenglass Roman Bath House and West Lakes Adventure located in the Valley of Eskdale.

The Division also houses:

- Drigg, the site of the UK's national low level radioactive waste repository and the Military of Defence testing range, managed by QinetiQ
- Haverigg prison, the only prison in Cumbria which, at its largest, held 632 Category C male prisoners. There was a review in 2016 and the current capacity was significantly reduced with accommodation being mothballed.
- Hardknott Pass at the far end of the Eskdale Valley which vies with Rosedale Chimney in North Yorkshire for the title of steepest road in England, with both achieving a gradient of 1 in 3 (about 33%).
- The Dunes at Esk Estuary, & Eskmeals which are sites of Special Scientific Interest, and the Drigg Coastline, a Designated Special Area of Conservation (SAC)

Most of the population commute out of the area for employment, but the largest employers in the area are the Low Level Waste Repository, the testing range and Haverigg Prison.

County Council Electoral Divisions cover large spatial areas and so division averages can mask variation between communities within the division. Furthermore, beyond Census data, there is little statistical information available for Electoral Divisions. However, most statistical agencies produce data for Electoral Wards. Therefore, there is a very wide range of statistical information available for Electoral Wards. Furthermore, as Electoral Wards are generally smaller than Electoral Divisions, statistics at this level provide more insight into variations between communities.

The table below identifies which Electoral Wards are fully or partially within the boundaries of Millom Without ED, and what proportion of Millom Without ED's population live within each ward:

Electoral Division	Wards in Electoral Division	% of Electoral Division's Population that fall within the Ward
Millom Without ED	Bootle	22.9
Millom Without ED	Haverigg	33.7
Millom Without ED	Millom Without	24.6
Millom Without ED	Seascale	18.8

The Cumbria Intelligence Observatory presents many Electoral Ward level statistics via the interactive 'Cumbria Atlas' tool. The Statistics provided within the Cumbria Atlas cover topics such as, but not limited to, population, housing, health, economy, poverty, ethnicity, language, and transport. The datasets within the Cumbria Atlas are regularly updated and expanded.

For simple step by step instructions to use the Cumbria Atlas to explore statistics for the wards within your Electoral Division, please visit the following web page:
