Young people who attend The Phoenix Youth Project have been very successful in receiving two grants worth over 15k to further develop and support The Phoenix Youth Project in both Cleator Moor and Frizington. A group of young people led by Lucy Edwards, who attend Frizington Youth Centre successfully applied for £14,600 from the **Youth Capital Fund**. Young people bid into the fund and young people decide where the money goes giving them a real say in services that affect them and their peers. This fund is facilitated by the County Council’s Children’s Services. Children’s Services have also provided over 23k of funding to the project to deliver youth work sessions across Arlecdon, Cleator Moor and Frizington.

Another group of young people who attend Crossfield Community Centre, Cleator Moor, successfully applied for £635 from Cleator Moor Joint Neighborhood Forum. This is the third successful grant awarded from this and the Arlecdon and Frizington Forum areas this financial year. The funding for these grants comes from both Cumbria County Council and Copeland Borough Council.

However the project needs further support from the wider community and is actively seeking volunteers to help with the running of the three youth centres based in Cleator Moor, Frizington, and Arlecdon. Frizington Youth Centre is open Mondays and Wednesday’s, Crossfield Community Centre, Cleator Moor is open every Tuesday and Thursday, and Adams Hall, Arlecdon is open every Thursday evening. All evening sessions run between...
6pm and 9pm, with the 8 – 12 year olds attending between 6pm and 7:30 and the 13 - 19 year olds attending between 7:30 and 9pm. For further details please contact Paul Rowe, Youth Development Officer on 01946 814555.

The Phoenix Youth Project would like to thank all of the funding bodies who have funded the project this financial year. Without their financial support The Phoenix Youth Project would not be able to continue providing a much needed and dedicated service to the young people of Arlecdon, Cleator Moor, & Frizington. The Phoenix Youth Project would thus like to thank the bodies mentioned above as well as the Sellafield Contractor’s Group Charity Committee, the Northern Rock Foundation, Home, FCSCT, Cleator Moor Town Council, and the Police. All of these groups/organisations have provided funding for The Phoenix Youth Project this financial year.

Two teams from Raughton Head Young Farmers Club (YFC) have made it through to the county final of the braintrust competition which is to be held at Penrith Rugby Club on Monday 26 March. In the southern district final, first place went to Lowick Club.

### Cumbria Young Farmers

Six of the 600 Cumbrian YFC members aged 10-16 competed for the title of Junior Member of the Year. They had to submit portfolios containing photographs and details of their activities within the young farmers movement, at school and in their leisure time, and were interviewed by judges.

Philip Robinson, a member of Crook YFC, was declared the Junior member of the Year and presented with the Claire Temple Memorial Trophy, runner up was Naomi Boorman of Kent Estuary YFC. Philip and Naomi will now compete at the Northern Area final of the competition at Thornton Towers, Hexham on 16 June. Good luck to them both.

### Youth Opportunity and Youth Capital Funds

A temporary ice rink in Barrow, circus equipment in Eden, new activities in Wigton, extreme sports in Carlisle, refurbishment of a youth centre in Copeland and support for youth volunteers in South Lakes.

These are just some of the activities for the county’s teenagers that have been given grants by panels made up of young people their own age.

The idea is to get young people working together and thinking about what they would most like to see in the place they live.

The Youth Opportunity Fund (YOF) enables groups of teenagers to bid for the sort of things they would like to do but up to now haven’t had the chance to – such as sports projects, DJ workshops and residential courses.

The Youth Capital Fund (YCF) is slightly different, in that it focuses on the buildings and larger pieces of equipment needed for projects to succeed.

Beverly Collins from the County Council’s Children’s Services gives support to the young people who sit on the decision making panels – there are four in all, with over £500,000 to hand out over the next year. Beverly says “We want to give more power to young people in Cumbria by involving them in local decisions about what their communities need, and you can’t get more involved than choosing who should get the money!”

If you would like to know more about these Government initiatives, or to find out how to apply for funding from your local youth panel, call Beverly on 01768 242050 or email beverly.collins@cumbriacc.gov.uk

Count Me In - Campaign

COUNT ME IN is a campaign designed to give disability sport a bigger voice in this county. The organisers of the campaign, The English Federation of Disability Sport, need 10,000 names before the end of March 2007. If this amount of names is secured, disability sport is assured a high profile in the media for reaching the target. Please show your support and register by logging onto 32Hwww.efds.net and click onto the REGISTER YOUR SUPPORT link. PLEASE REMEMBER TO CHOOSE DSE IN THE REGION SECTION.

Want to Dance?

To find out what is happening in your area – places to go, things to do, go to : 34HHelp4Me - Search
Just put the activity in the search box, and the Area you are interested, and it will come up with a menu of opportunities for activities to choose from.
Eg Mountain biking in South Lakeland or Youth Clubs in Copeland.
If you want to add an activity please email 35Halison.warwick@cumbriacc.gov.uk with the details.
Questions and Answers

Question: Why do we have to send our monthly monitoring to YWiCP via the school portal instead of by email?

Answer: This method of transferring data is to safeguard the identity of young people, meeting both data protection and audit requirements. The school portal has a secure firewall, which offers protection. Any queries arising about monitoring information must now be dealt with via the telephone, face to face or through confidential correspondence, addressed to the respective manager.

To submit a question please email: alison.warwick@cumbriacc.gov.uk

Eden Scouting is on the up!
The number of young people involved in the scouting movement in Eden has increased for the seventh year in succession, due to the commitment of volunteer leaders. This year is the Scout Association’s centenary, so lots of celebrations are taking place across the County. If you want to get involved contact Adam Dickinson, Development Officer on 01768 862040

Meet the Team – Duncan Graham is the Independent Chair of Youth Work in Cumbria Partnership.

“Hello, I am surprised to see my name up in lights here as I tend to work with dull committees while others get on with the real work in the front line of youth work, although I do get out seeing some exciting things now and then. As they say someone has to do it! It is due to a lot of hard work by these committees that we have more money and resources in Cumbria than ever before for work with and for young people. What really pleases me is that we now genuinely involve and take on board the views and aspirations of young people.

Hobbies:
Despite being retired I seem to have too little time for hobbies. When I get the chance I enjoy trout fishing on the River Eden - more for the solitude than in the hope of catching anything. I like everything which runs on steam and have a miniature steam railway in the garden which makes up for a deprived childhood! It brings me many visitors anxious to drive the engines. I enjoy walking and reading.

Greatest Achievement:
Recently it has been to see what is provided for young people begin to improve dramatically and to feel that by getting people together as partners, I have helped in a small way to achieve something worthwhile. Recently I was privileged to see work of the highest quality at an event in Kendal which involved lots of young people - what a strong reply to all those who knock the younger generation today.

First Job:
In many ways the best one. I was a purser on the Jeanie Deans a paddle steamer which plied between the resorts on the River Clyde. I had a uniform, a cabin, as much as I could eat, and the princely wage of £2.50 a week.

Worst Job:
I never really had one but I suppose driving a butcher’s van had its disadvantages such as visiting a tripe factory twice a week - the smell lingered for hours!

Favourite sport:
I love all team sports especially rugby, cricket and football. I support Queens Park which no-one has ever heard of and who never win anything.

Favourite Film:
I like a good laugh and never tire of seeing “Some like it hot” Jack Lemon and Tony Curtis dressed as female musicians while trying to win the heart of Marilyn Monroe is as good as it gets.

Favourite Music:
I have everything on my iPod from Jimmy Shand to the Scissors Sisters and Katherine Jenkins.

Favourite Food:
Obviously not tripe! Fish and chips from my favourite chippie in Oban eaten on the harbour wall does it for me.

Disabled Youngsters in Cumbria to benefit form Lottery Award

Cumbria Disability Sport Association has been awarded £4,364 towards the Cumbria Interschool Boccia project. Similar to boules, Boccia was originally created for people with cerebral palsy, but is now widely played by individuals of all abilities. The grant will assist in covering the costs of facility hire, Boccia equipment and training courses to equip volunteers, teachers and sports development staff with the relevant skills and resources. The group hope to offer children with a disability the opportunity to play Boccia not only as a recreational but competitive sport by developing the Cumbria Interschool Boccia League which leads onto other regional and national competitions. If anyone would be interested in taking part in the project as a player, volunteer or umpire (training will be provided) please contact Nicola Cartwright Tel 01229 827920 or email nicola.cartwright@barrowcrc.org.uk

Watch Your Language’ FREE Training Seminars
Young people with speech, language and communication impairments are some of the most socially excluded young people in society. Their impairments often go unrecognised.

Cumbria Sport – Setting the Standard for Equality in Sport
The launch of a new policy in the Cumbria Sport Partnership has led to a series of training courses being organised across Cumbria. The new policy ‘Cumbria Sport Partnership Equality Policy 2007 - 2010’ is about equality and fairness in sport and physical activity

The training courses, organised by Cumbria Sport Partnership are aimed at volunteers, coaches, officials and administrators from sports organisations and local clubs, to help increase the awareness and understanding in an effort to ensure that such clubs and coaching sessions are truly open to all, including disabled people

Local Network Fund for children and young people

for projects that improve outcomes for 0-19 year olds and their families

2007 is the final year of this programme which has been running in Cumbria since 2002. Subject to the Comprehensive Spending Review, funds from 2008 will be given to children’s service authorities who need to decide within their priorities how money should be spent.

Therefore this year is different from previous ones. **All projects must be completed in 2007 so we are looking for short-term activities and will allocate most of the money at our April and June grants committee meetings.**

The fund is to enable communities to develop projects and activities for children and young people with limited opportunities or access to services that many young people take for granted and that fit the **Every child matters outcomes.**

We have **£375,665** available in 2007. You can apply for up to **£7,000.**

Your scheme must be a new activity of benefit to young people or families involve volunteers and should come from a voluntary or community group with an income in the last year under **£100,000.** Wherever possible at least 70% of project costs should be supported by the fund and young people should have a major input into the scheme.

If you have applied to this fund previously you can apply again as long as you do not have a current grant but preference is given to new projects. We will consider top-up funding for projects we have already funded if it would make them sustainable – please contact us if you are in this situation.

For an application pack phone the national call centre on **0845 113 0161** – you will deal with the Foundation once you have received the pack

**If you would like to know more about this fund** please contact David Andrews

**Guides to get wise about sex, drink and mental health**

Skills taught by Girl guiding UK are to be extended to include health and relationships education. The programme entitled Get Wise, will involve around 450 Guides being trained as ‘peer educators’ to run sessions covering sex, contraception, abortion and abuse, as well as alcohol issues, stress and bullying. The programme will cover Guides aged 10 to 14, as well as the movement’s senior section for young women aged 14 to 25.

Sector Three Consulting was launched in November – to provide support; advice and consultancy to charities; voluntary and community and wider third sector organisations.

We recognise that recruitment can be a costly business for organisations with limited resources, so we’re hosting a FREE service for the sector where organisations who are recruiting can register and then post their jobs absolutely free.

Registration for recruiting organisations usually costs £30 per year (to cover administration) and after that you can post up to 50 jobs per year for FREE! However, to get us off to a good start we’re even waiving the registration fee this month! We can’t say fairer than that. And yes, you can register this month even if you don’t plan to post any vacancies until later in the year....

And what do we get out of it? Lots of people visiting our website and finding out about our other services. That’s how it works. Good for you and good for us!

Visit [www.sectorthree.co.uk](http://www.sectorthree.co.uk) and start advertising or looking for exciting new opportunities in the Third Sector.

Help Yourselves! Award Scheme
www.helpyourselves.org.uk

Help yourselves aims to support adults and young people working together. Created by Save the Children and British Gas, the here to HELP Awards want to get young people involved in dynamic and lasting community projects. They have over 100 Awards of up to £1,000 to give away as well as a small number of grants of up to £3,000.

They can fund projects and activities that help children and young people who are excluded and isolated as well as those living in noted areas of deprivation. They particularly welcome applications from groups who may face discrimination and disadvantage in society because of issues to do with, for example, gender, ethnicity, or disability.

If they receive more applications than we can fund priority will be given to communities and groups facing most disadvantage. Visit their website www.helpyourselves.org.uk

http://www.headstarevents.com/eaccess07/.

E-Access Bulletin’s third annual conference and exhibition on access to technology by people with disabilities is aimed at helping all organisations, public and private sector, draw up progressive policies on accessibility. If your organisation provides information and services on the web, via mobile phone, digital TV and radio or in any other digital format, awareness of these issues is of vital legal, ethical and commercial importance.

Attendance normally costs 195 pounds plus VAT for public sector and 295 + VAT for private sector delegates, but if you book before 12 March you will receive a 50 pound discount. Don’t delay, book today! For more information and to register visit: http://www.headstar-events.com/eaccess07/

HMRC Grant In Aid Fund programme

The aim of Her Majesty's Revenue and Customs (HMRC) is to administer tax and customs systems fairly and efficiently, and make it as easy as possible for individuals and businesses to understand and comply with their obligations and receive their tax credits and other entitlements.

HMRC has available £163.2 million per annum for the next three financial years, aimed at funding Voluntary and Community Sector (VCS) organisations.
HMRC is committed to building its funding relationship with VCS organisations so that they play an increased role in public service delivery, particularly socially inclusive services to those who are hard to reach or who do not engage directly with them.

The funds are available in the form of grants in aid to help with the costs of activity contributing to the key aims, outcomes and priorities detailed in guidance for this programme.

**Funding Priorities for Lloyds TSB Foundation 2007**

The Lloyds TSB Foundation is one of the UK’s leading grant makers and funds thousands of charities working to tackle disadvantage across England and Wales. They are a registered charity and run as an independent foundation. Their covenanted income comes from the 1% of pre-tax profits received from Lloyds TSB Group, averaged over three years.

Their focus is on supporting smaller under funded charities that help people who are disadvantaged and live in England or Wales to play a fuller role in the community of their choice. With a significant regional presence they can respond directly to local needs and recommend that potential applicants discuss applications before submitting to ensure the best chance of success. They support both well established and new work across the voluntary sector and are one of the few grant makers who fund core costs, including salaries, to ensure charities can deliver their core services.
