## Useful websites

- ISP – Useful websites

You will need certain programmes on your computer to access all the files, for example Adobe Acrobat for pdf files, Macromedia Flash Player and Windows Media Player. Please contact your usual IT support if you need help accessing any of these programmes.

We intend to review the ISP regularly and will add appropriate information as it becomes available. This especially relates to language resources as some languages currently have more resources available than others. We may send updates to you via the School Portal which can then be saved wherever you find most convenient.

We hope that you find this Initial Support Pack useful. If you have any queries or feel that there is information not currently on the CD that you would find useful, please contact Sophie Tinker on **01228 60 6955** or **[sophie.tinker@cumbriacc.gov.uk](mailto:sophie.tinker@cumbriacc.gov.uk)**.
