EGREMONT TOWN COUNCIL

Mr P Stybelski
Cumbria County Council
The Courts
English Street
Carlisle
Cumbria CA3 8NA

18-Sep-08

Dear Mr Stybelski

Thank you for your recent communication titled "Managing Radioactive Waste Safely – A Framework for Implementing Geological Disposal".

After discussing the above at our recent Town Council meeting, Councillors wish to make the following comments:

1. We do not support the County Council making an initial Expression of Interest to Government
2. We support the idea that any Expression of Interest should be made by our District Council which is Copeland Borough Council.

Egremont Town Council welcome your consultation with ourselves but would emphasise that we support the action Copeland Borough Council has taken and believe that this is the right tier of local government able to take the decision to Express an Interest.

Yours faithfully

Mrs M Woodburn
Town Clerk
