Subject: Managing Radioactive Waste Safely - A Framework for Implementing Geological Disposal

FAO Peter Stybelski, Chief Executive

Dear Mr Stybelski

Thank you for your letter and background papers relating to the above which were considered by Preston Patrick Parish Council at its last meeting.

I must apologise for responding a few days after the deadline, but I hope that it is not too late to be included in your report to Cabinet.

Preston Patrick Parish Council agreed that, as Sellafield already plays a major role in the disposal of the UK's radioactive waste, it supports the County Council expressing a 'without commitment' interest to hold discussions with Government to examine the possibility of Cumbria hosting a geological repository.

Yours sincerely

Lesley Winter
Clerk, Preston Patrick Parish Council
