FROM Underskiddaw Parish Council

Dear Mr Kemp

This is a response to a letter from Peter Stybelski asking Parish Councils' views on the above topic. I am sorry this response is rather late, and I see the Cabinet meeting is on 4 November.

This Parish Council would support the County Council making a without commitment expression of interest to consider whether there should be a repository in Cumbria. Perhaps you could pass this on to Mr Stybelski whose email address did not appear in the letter.

I can be the parish contact point for further discussions.

Yours faithfully  
Pauline Soulsby Parish Clerk
