Drop-in Events

**Friday 19 October 12noon – 6pm
Wednesday 7 November 3pm –7pm
Grizebeck Community Hall**

Cumbria County Council is undertaking a transport study to develop a scheme to improve journey times, safety and resilience on the A595 at this location.

The next stage will see the development of potential routes.

We want to hear the views of the local community to help inform any potential routes. The public consultation drop-in events have been arranged to provide an opportunity to feedback on the potential options. This feedback will then feed into the technical study work to identify a preferred option. This will help produce a business case for the scheme which will demonstrate why the scheme is needed and the benefits it will bring.

Please see web link below for more information on the scheme:
