Due to the closure of the A591 at Dodd Wood between Castle Inn and Keswick. The 554 is being diverted and will not serve stops from late October until mid-December. See Overleaf for details of the free temporary service between Mirehouse and Castle Inn.

Free temporary shuttle bus service

We're busy carrying out work on our West Cumbria Supplies Project which involves the construction of a new water treatment works, two new underground service reservoirs and over 100km of new water pipelines.

There are some locations where our new pipes will run across roads. This will require temporary closures to be put in place and we completely understand this is inconvenient – so we'll always do whatever we can to reduce the disruption.

A section of the A591 near Dodd Wood will be closed from Monday 30 October for up to six weeks while we're working. We've been liaising with the bus operator so we can provide a shuttle bus to connect with the 554 bus service.

During the road closure a free shuttle bus will run between The Old Sawmill Tearoom via Bassenthwaite Village and the Castle Inn.
