FIRST CLASS

Following in the wake of our very successful Living History courses **Cumbria Outdoors** is delighted to present:

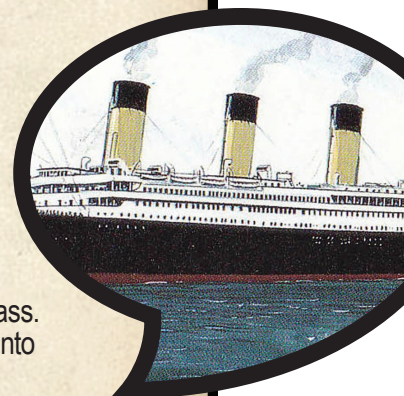

A VOYAGE ON THE TITANIC

A two night, 3 day residential experience for Key Stage 2 Pupils

To tie in with the ongoing commemorations of the sinking of this great steam ship, and the local connections with the White Star Line, **Hawse End Centre** becomes RMS Titanic.

Recreate and experience life aboard the Titanic in 1912, from embarking to abandoning ship, through a variety of themed activities, which include:

- ◆ Exploring Titanic facts through outdoor activities - water temperature, timeline of sinking, coal consumption, engineering statistics, plus climbing the height of the funnel.
- ◆ Exploring the characters of real life passengers, differences in class, through to order of evacuation – “Women and Children first?”
- ◆ Experiencing 1st class dining etiquette, and the contrast with meals in 3rd class.
- ◆ Everything culminates in a thrilling Abandon Ship simulation activity, getting into “life boats” and making it to the rescue ship, the Carpathia.

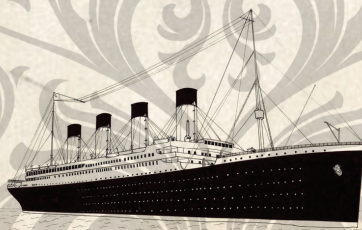

DRESSING UP ENCOURAGED!
