Governance

Improving Together

Organisations work hard together to
Protect and support people who need our help.

Your Rights

There is some new laws coming and they are described in the Draft Care and Support Bill

New advice has been given to Directors of Adult Social Services so people get the help and support they need to sort problems out and have a better life.

Your views matter

Between April and and there were over 400 people who felt at risk and we were asked to help. Of those there were 63 who had a learning disability.

We need to ensure everyone involved in the work of the Partnership Board is included and helps to design the way we protect people in Cumbria

Protecting people

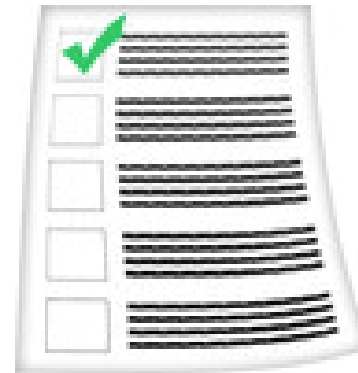

Organisations should tell
us when they think
A person could be
harmed

We work together to ensure
people who are harmed
get the right support

Your views matter

Safeguarding can produce lots of different solutions

We will ask you about the safeguarding support we have provided to people.

Our Role-Our Goal

Make
sense of it
for
everyone!

Leadership through the Board and
within partner organisations

Clear roles and
responsibilities

Good procedures
and systems

Creating the culture: learning ,
language and respect

Prevention, inclusion and action
processes in place

*Skilled, supported staff who use systems to inform
judgement, empower people and use a range of
interventions to support them*
