"Dear Sir I enclose return of the accounts of coal raised in the month of August in Flimby from Mr Curwen's royalty. I am at present unable to give you the amount in money but hope to have these prepared when we can which must of necessity be a few weeks later than this monthly account as much of our coal shipped is not at once settled for - The return prior to Aug 1 is in course of preparation and when ready shall be forwarded. Your ack[nnowledgement] of the rec[eip]t of this with your approval or otherwise of this plan will oblige. We are desirous of building a few cottages et al at Flimby and should be glad if Mr Curwen w[oul]d sell us the requisite land for this purpose as I hear he has said he w[oul]d be disposed to do. Perhaps the piece of land between the colliery and the road w[oul]d be best for this purpose. I s[houl]d be obliged by an early reply as we are desirous of commencing this fine weather. I am yours etc, etc, Osbert Wils	1851 - 1857
DCU/CC4/2/2/55	Flimby Colliery and Mr B Edkin account of money due	"March 28 inst, Mr Wilson and Mr Edkins when it was finally arranged that Mr E should give 3 notes of £50 each payable at the end of 1, 2 and 3 years. That Mr E should continue agent on his giving security by bond in £200." Includes scraps consisting mainly of figures. Letter, Flimby March 25 1854. Dear Sir, I am obliged by your	Mar 1854

two letters and your assistance with Mr Edkin - in reply to your last I may say Mr Edkin when here some weeks ago went through the Harrington accounts with Mr Johnson and himself took a copy of them and there was no dispute whatever about them. You will see by this that he has not correctly stated the case to you - he also (?) with our solicitor and knows the account due as fully as I do. His son was never acknowledged by me as acting other than as his father's assistant and his negligence in looking after him has been (?) culpable if he is not himself involved in the transaction - If Mr Edkin disputes any item of the account I s[houl]d be glad to settle it with him - If you will na

DCU/CC4/2/2/56	H Curwen 26 weeks royalty summary, Flimby Colliery		26 Jan - 25 Jul 1857

DCU/CC4/2/6/2	Copy letter Henry Curwen, Workington Hall to nephew Henry Curwen, Unerigg Hall	W Hall, 8 March 1835 to Henry Christian. My dear Henry, I conclude you will have heard from your father, but as he wishes me to communicate the contents of his letter of the 6th to you I shall copy the most important parts of it for your persual - but before doing so allow me to say, your father's application to Mr Thompson and me was not only unsought for by us but would have been declined on our part, if Mr T had not (from) a regard both to those who are gone and to those who are living and considered it his duty to comply with the urgent request of your father - and I had not felt I could not refuse to	8 Mar 1835

accept the confidence of not only one of my nearest relations but I may say my now oldest living friend - in thus consenting to act we can have no self interest to gratify nor no other object in view but to promote a mutual good understanding between your father and yourself and to mediate such a final settlement as may be for the benefit of all your family - I will now copy what your father says. "I will

DCU/CC4/2/6/3	Correspondence re Robert Hann	Reference letter re Robert Hann 30 Dec 1838. Dear Sir, the bearer Rob Hann has heard of you wanting a person as a viewer or overman if the information he has received be correct. I beg to say that he will be found a very useful foreman in either of these capacities. He has been at this colliery [Walls End Colliery] 3 or 4 years now during which time there have been several weighty matters in hand each of which he encountered with much (?) and skill. Reference letter re Robert Hann. Wallsend Colliery 31 Dec 1838. These are to certify that I have known the bearer Robt Hann many years. He is a thorough bred collier and is competent to take the amanagement of any (?) colliery as under viewer. Jn Buddle I agree to engage Robert Hann to be manager of Harrington Colliery belonging to Henry Curwen esq at the annual salary of one hundred guineas. He is also to have a rent free house and coals and 3lbs canoles per week and grass for a cow. To devote his whole attention to Mr Curwen's interest in the colly, signed E	Dec 1838 - Jan 1839

DCU/CC4/2/7/2	Letter to Mr Irwin - Herald Office re explosion at John Pit	Dear Sir, I send you a sketch of the Harrington coal works as you wished which I hope is sufficiently explanatory for your purpose. I am still of opinion that the verdict is not bourne out by the evidence and cannot account for the censure on Mr Tate except from the bad feeling which some of the jurymen exhibited. Don't you think it odd that the coroner should sum up the evidence and direct the jury during the adjournment in a (hole) and (corner) and before the whole of the evidence was heard? You will remember after the coroner had read over the evidence he concluded by telling the jury that he had before charged them; surely this is not usual nor regular - for my part I wanted very much to hear his charge.Yours etc J Allison Oct 29 1838	29 Oct 1838
---------------	--	--	----------------

DCU/CC4/2/7/3	Letter from Mrs Tait.	Mr Tait (Tate) was the superintendent of John Pit. "I cannot but consider the (?) of the (jury) on you as an act of harshness and it has not changed my opinion of you. It might to be considered how many years the colliery was mainly free from accidents under your management - it must always be to you (?) to me and I (?) of the (?) they not your unfortunate nephew's not inspecting the air	Undated [1838]
---------------	-----------------------	--	-------------------

course prior unto the men going down. In wishing you in a short time to retire from your present situation I do it not from a want of (?) but a conviction that your health and strength are not such as to allow you to man up against the constant anxieties of managing a colliery under the most (?)able circumstances much more often so having a (?) and in doing it I wish as long as I can and Mrs Stanley equally so, to consult your feelings.

Copy letter from Mr Curwen to Mr Tate after the accident. Delivered original to Mrs Tate. Mr Tait, I cannot as yet venture to fix the blame of the last dreadful accident on anyone and I fear the cause may never be ascertained. I have under the many heavy afflictions of this kind that have succeeded each other for the last few years only one source of comfort - that the safety of the men has been my first, my most anxious and my constant injunction to all my agents - the loss of so many lives has embittered mine - and it only required this new disaster to complete its bitterness - and nothing but necessity should make me attempt to raise (our) coal either here or at (?Harrington). I wish as far as I can to consult the feeling of so old and so faithful an agent as I know you to be and one who enjoyed my (father's) confidence for so long a period, but the (Harrington) colly if it is to be carried on must be placed under the charge of a young and active man one whose health and vigour (would) allow him to go do

One sheet comprises rerscue workers of Harrington: Hugh Kurrick (croseed out), John Hutton, John Lowes, Robt Jackson, Andrew Sharpe, Jonathan Ellwood, Solomon Ellwood, Jos Kay, Wm

DCU/CC4/3/2/7	Letter re water levels at Broughton Colliery	Letter Walls End Colliery. Sir, agreeable to your request I have perused Mr Tyler's letter to you respecting certain alledged irregularities in the conducting of Lord Egremont's Broughton Colliery - particularly as to the line of direction in which the water level has hitherto been, and is now carrying on. I have likewise perused the extract of the lease, sent you by Mr Tyler, as well as the copy of Mr Johnson's letter to you. This latter document gives so clear an explanation of all the circumstances of the level, at the commencement of the present lease, together with its subsequent progress, as to leave me no room to make any additional observations, that could amount to any thing else than useless tautology. This branch of the subject seems to rest entirely on matter of fact, and is placed, according to my idea of the matter, in as clear a point of view as possible by Mr Johnson. With regard to the line of direction in which the level ought to be continued, from Pit	21 Nov 1818

DCU/CC4/3/2/20	Copy Mr Drane's report on slip at Harrington Chemical works.	Whitehaven June 24 1857 The Right Honble the Earl of Lonsdale etc etc. My Lord, I inclose your Lordship a sketch of the slip near Harrington which I hope will be explanatory. The portion that is in motion extends from the top of the cliff where the remains of the chemical works stand, to rather more than half way down, and it is shewn in the sketch by the piece ABB. There is a very perceptible fissure about 50 yards in length at A having a ridge more or less elevated, which shews that the upper portion of the cliff for B to A is sliding under the lower portion for A to the sea wall. The effect of this has been to lift up the railway about 6 inches. The upper part of the sea wall has been thrust forward about four inches, and the masonry is very much cracked. I have paid particular attention to your Lordship's remarks regarding drainage; whilst the wall was being built, I observed several places in the ground behind the wall from which water was leaking out, and I ordered some tile drains to be inserted as she	24 Jun 1857

SMBWO/3/4/37	Private street improvements - Corporation Road to Victoria Road	Plan of area concerned, notices (2) to property owners for work to be done	1895
SMBWO/3/4/38	Private street improvements - Back Lane between Cumberland Street and Frazer Street	Notices to pave, apportionment of expenses	1899-1900
SMBWO/3/4/39	Private street improvements - Back lane south side of Derwent Road	Notices to pave	1905-1906
SMBWO/3/4/40	Private street improvements - Back lane between Harrington Road and Ashton Street	Notices to pave, apportionment of expenses	1898-1899
SMBWO/3/4/41	Private street improvements - Back lane between Harrington Road and Pilgrim Street	Notices to pave and apportionment of expenses	1899-1900
SMBWO/3/4/42	Private street improvements - Hyde Street	Notices to pave	1903-1905
SMBWO/3/4/43	Private street improvements - Stewart Street	Notices to pave	1904
SMBWO/6/1/3/9	Agreements between Workington Corporation and landowners for easements to Crummock Water works		1902-1904
SMBWO/6/1/3/9/1	Grant of easements and rights of laying and maintaining water pipe through pieces of land at		24 Feb 1902

Blindbothel between H Pocklington Senhouse and others and Workington Corporation

SMBWO/6/1/3/9/2	Grant of right to lay water pipes and covenants for maintenance thereof between William Coates Hope of Cornhow, Brackenthwaite and Workington Corporation in township of Brackenthwaite		24 Feb 1902
SMBWO/6/1/3/9/3	Grant of easements and rights of laying and maintaining a water pipe through land at Brigham between Mrs Grace Bell and others to Workington Corporation		12 April 1902
SMBWO/6/1/3/9/4	Grant of easements and rights to lay and maintain water pipes and covenants in relation thereof in parish of Brigham between AJS Dixon and others and Workington Corporation		12 May 1902
SMBWO/6/1/3/9/5	Grant of easements and rights of laying and maintaining water pipe through land in Embleton between Trustees of Broughton Baptist Chapel and Workington Corporation		24 Dec 1902
SMBWO/6/1/3/9/6	Grant of easement to lay and maintain water pipe in township of Brackenthwaite between Mr A Grayson and Workington Corporation		24 Dec 1902
SMBWO/6/1/3/9/7	Grant of right to lay water pipes and covenants for maintenance thereof in townships of Lorton and Embleton between W L Alexander and Workington Corporation		29 Dec 1902
SMBWO/6/1/3/9/8	Grant of right to lay water pipes and covenants for maintenance in township of Brackenthwaite thereof between R Marshall and others and Workington Corporation		29 July 1903
SMBWO/6/1/3/9/9	Grant of easement over commons abutting Crummock Lake between W H Marshall to Workington Corporation		31 Dec 1904
SMBWO/6/3/8	Copies of papers provided to Counsel by Workington	Following items NOT included Items 8 Volume containing	1959

	Borough Council -items marked 2- 28	Cockermouth and Workington Water Act 1878, Workington Corporation Act 1899 and Workington Local Board Water Act 1883 Item 9 Survey of Cumberland and Westmorland Water Supply Item 10 Workington Corporation Act 1938 Item 22 Survey of Water Resources Item 26 Map indicating River Derwent and mill streams	
SPUW/17/3/1	Copy of a poster for compulsory vaccination in the Whitehaven Union	Gives districts, names of public vaccinators, places, dates and times of attendance and parishes.	undated [post-1853]
SRDE/3/PLANS2/6102/3293	Doctor's Surgery, Hinnings Road, Distington for Drs Sharp and Calder	Ennerdale Rural District Council: building control plans	5 Jun 1964
SUDC/2/5/78	Rating and valuation requests for variation	Report numbers 635-1033 Address, name of occupier, reason for proposed alteration, rateable value	1969-1973
YCOP/41	Brocklebank family	Photocopy will of Sarah Brocklebank 1853 (daughter of Daniel Brocklebank and Anne, b 1770) Will of John Brocklebank 1840 of Hazel holme, ropemaker. Facsimile of portrait and copy printed from unnamed publication National Museums of Liverpool Information sheet Thomas and John Brocklebank Typescript List of Whitehaven Apprentices 1808-1840 Brocklebank shipping from Liverpool RO Cunard Brocklebank Press releases 1970 - 200th anniversary shipping line and press release by Borough of Whitehaven on history of town for same anniversary Chapter 2 and 3 Merchant Sailing Ships 1815-1850 by Dr MacGregor about T & J Brocklebank Extracts from Sea Breezes with details fleet 1770-1884 Copies and cuttings from local papers about history of family and shipping line	1840-20th century
YCOP/42	Transcripts of letters to Lord Lowther from John Bateman, colliery agent		Aug-Dec 1802

YCOP/43	Corkickle	Statement of claim as to ownership of Corkickle Common, 1768	1753-1767
YDB 59/12/14/50	Lab 3 in centre left, looking towards S6 offices and warehouse		late 1980s
YDB 59/12/14/51	Looking towards Multi-purpose and Fabric conditioner plants. Southern end of Lab 3 on right		late 1980s
YDB 59/12/14/52-53	Looking towards phosphoric acid concentrators. S4 washing powder plant on left. Cylindrical storage tanks on right. (S4 Tank Farm)		late 1980s
YDB 59/12/14/54-55	Looking towards F5 phosphoric acid plant and phosphoric rock store from S5		late 1980s
YDB 59/12/14/56	S6 Yard. Offices and warehouse on right Safety Dept on left with Leyland Sherpa van		late 1980s
YDB 59/12/14/57	S4 washing powder plant chimney		late 1980s
YDB 59/12/14/58	Oil boiler house with S4 washing powder plant in background		late 1980s
YDB 59/12/14/59	Sulphuric acid 'Whessoe' tanks under demolition	Note 'incinerator' in left centre background with Hutbank quarry in rear. MMO solvent extraction tower in distance	mid 1990s
YDB 59/12/14/60	Preparing site ready to receive treated raffinate from the Raffinate plant		early 1990s
YDB 59/12/14/61	UFEX Raffinate Treatment plant on left	Sulphuric acid plant in distance	early 1990s
YDB 59/12/14/62	F5 phosphoric acid and MMO plants under construction		c1978

YDB 59/12/14/64	View out to sea showing phosphate rock bulk carrier and lighter [MV Odin]		c1980s
YDB 59/12/14/65	DS2/3 spray-dryer stack		c1980s
YDB 59/12/14/66	Ladysmith Colliery Coal Washer		c1970s
YDB 59/12/14/67	View looking towards future site of F5 phosphate rock store		c1977
YDB 59/12/14/68	General view looking north over site		late 1970s
YDB 59/12/14/69	View from the outside the site looking north	Left to right - MMO Tower, Whessoe tanks, Sulphuric Acid	c1990s

		plant.STPP complex (DS4 & DS2/3)	
YDB 59/12/14/70-71	View looking north along old railway track at Solway sulphuric acid plant	Whessoe storage tanks on left	c1990s
YDB 59/12/14/72	Kiln piers with clinker building in background	Later became phosphate rock store even later converted to goods outwards storage	late 1980s
YDB 59/12/14/73	General view looking to the north	Sulphuric acid plant on left and centre and DS4 Sodium Tripolyphosphate on right	late 1980s
YDB 59/12/14/74	Cement bagging building with cement silo and clinker building in background		1980s
YDB 59/12/24/39	New sulphuric acid plant chimney nearing completion	Taken at 9.30am Hutbank quarry in background. Old chimney to be replaced at top left	8 Aug 1975
YDB 59/12/24/41	Effluent outfall pipework at 'Lagoon'	2 unidentified engineers	c1993
YDB 59/12/34/1-2	Drum storage array	[For Oil additive products]	undated
YDB 59/12/34/3	General view, looking south	Works canteen in foreground, Solway chimney and Whessoe sulphuric acid storage tanks in background, Sulphonation plant in background (left)	c1980
YDB 59/12/34/4	Solway sulphuric acid plant	gas cleaning plant	undated
YDB 59/12/34/5	Solway sulphuric acid plant	General view of ductwork	undated
YDB 59/12/34/6	New entrance porchway under construction at S6 office block	showing Queen's Award for Industry flag	Aug 1975
YDB 59/12/34/7	Display of safety equipment		undated
YDB 59/12/34/8	Product storage	S6 or S7 warehouse	undated
YDB 59/12/34/9	Internal view of 'Lagoon' after conversion from phosphate rock store		post 1992
YDB 59/12/34/10	General view showing MOS tower	Fatty alcohol plant in background (left)	c1990
YDB 59/12/34/11	General view showing MOS tower	Fatty alcohol plant in background (right)	c1990
YDB 59/12/34/12	Research & Development building under construction	Divisional Engineering Workshop in background (left). Original Solway chimney in background (right). Research and Development block was later extended (between 1956-1974)	1956
YDB 59/12/34/13	General view of Solway sulphuric acid plant looking south	shows original Solway chimney so prior to 1975	c1960s

YDB 59/12/34/14	Artistic view of Solway sulphuric acid plant and chimney		1956
YDB 59/12/34/15	Solway No.3 Kiln	Contact plant in background	c1957
YDB 59/12/34/16	Solway sulphuric acid plant	shows original Solway chimney	1955
YDB 59/12/34/17	Solway sulphuric acid plant	General view of Contact plant from Absorber Platform looking back towards kiln	1955
YDB 59/12/34/18	Solway sulphuric acid plant	General view of ductwork	1955
YDB 59/12/34/19-20	Multi-purpose plant storage tanks	Show unidentified operator and 2 technical staff	c1990
YDB 59/12/34/21	View looking past sulphonation plant to STPP stack	DS2/3 stack	c1980
YDB 59/12/34/22	DS3 Sodium Tripolyphosphate kiln		undated
YDB 59/12/34/23-24	Phosacc Filter on 'Wet Salts'	Phosacc was low grade fertiliser (by-product) sold to local farmers	late 1970s
YDB 59/12/34/25	Soda ash and product STPP silos under construction	Deliveries and exports could be made either by rail or road	c1960
YDB 59/12/34/26-28	Sulphonation plant		1 Nov 1983
YDB 59/12/34/29	Sulphonation plant	with Plant Manager Maurice Thompson (ex Research and Development)	1 Nov 1983
YDB 59/12/34/30	Conveyors carrying anhydrite out of the drift mine to storage [and treatment]		undated
YDB 59/12/34/31	[Expansion of sulphuric acid plant]	Photograph taken during process of expansion?	c1961
YDB 59/12/34/32	New sulphuric acid plant chimney nearing completion	Taken at 11.20 am	4 Aug 1975
YDB 59/12/34/33	New sulphuric acid plant chimney nearing completion	Taken at 4pm	11 Aug 1975
YDB 59/12/34/34	New sulphuric acid plant chimney nearing completion		30 July 1975
YDB 59/12/34/35	New sulphuric acid plant chimney during construction		23 July 1975
YDB 59/12/34/36-37	New sulphuric acid plant chimney during construction	Sulphuric acid 'Whessoe' tanks in right background. Sulphonation products in left foreground	25 July 1975
YDB 59/12/34/38	New sulphuric acid plant chimney during construction	Sulphuric acid 'Whessoe' tanks in right background. Sulphonation products in left foreground	30 July 1975
YDB 59/12/34/39	New sulphuric acid plant chimney nearing completion	Taken at 9.30a, Hutbank quarry in background. Old chimney to be replaced at top left.	8 Aug 1975
YDB 59/12/34/40	New sulphuric acid plant chimney nearing completion	Taken at 10.00am. Hutbank quarry in background. Old	6 Aug 1975

		chimney to be replaced at top left	
YDB 59/12/34/41	Effluent outfall pipework at 'Lagoon'	2 unidentified engineers	c1993
YDB 59/12/34/42	Effluent outfall pipework at 'Lagoon'	Fatty alcohol natural gas reformer in left background	c1993
YDB 59/12/34/43	Original sulphuric acid plant chimney being taken down	Feed storage silos in background	c1953
YDB 59/12/34/44	Original sulphuric acid plant chimney being taken down	Feed storage warehouse in background	c1953
YDB 59/12/34/45	New sulphuric acid plant chimney during construction	Sulphuric acid plant ductwork in background	1975
YDB 59/12/34/46	New sulphuric acid plant chimney during construction	Sulphuric acid plant ductwork in background	9 July 1975
YDB 59/12/34/47	New sulphuric acid plant chimney during construction	Large cooling tower (Davenport's) in background	10 July 1975
YDB 59/12/34/48	New sulphuric acid plant chimney during construction	Large cooling tower in background	21 July 1975
YDB 59/12/34/49	New sulphuric acid plant chimney nearing completion	Taken at 10.00am. Sulphonation plant in right foreground. Huitbank quarry in background. Old chimney to be replaced at top left.	6 Aug 1975
YDB 59/12/34/50	New sulphuric acid plant chimney during construction	Sulphuric acid plant ductwork in background	16 July 1975
YDB 59/12/34/51	New sulphuric acid plant chimney during construction	Taken at 11.00am. Sulphuric acid 'Whessoe' storage tanks in background (right). Sulphonation product tanks in background(left)	1 Aug 1975
YDB 59/12/34/52	Old sulphuric acid plant chimney [being taken down]	Former NCB buildings in background(left). Sulphonation complex in view. Soda ash in STPP silos in centre(distance), STPP plant at right distance	c1976
YDB 59/12/34/53	New sulphuric acid plant chimney during construction	Sulphuric acid 'Whessoe' storage tanks in background(right) and 'Covhop' wagons on rail line	18 July 1975
YDB 59/12/34/54	New sulphuric acid plant chimney during construction	Sulphuric acid 'Whessoe' storage tanks in background (right) . Sulphonation product tanks foreground(left). Man lift running up the side of the chimney	30 July 1975
YDB 59/12/34/55	Original sulphuric acid plant chimney nearing completion [70 feet to go]	Winding gear for Croft Pit on left. Chaldron wagons on rail line. Early phosphate complex in distance (right)	12 June 1954
YDB 59/12/34/56	New sulphuric acid plant chimney during construction	Sulphuric acid 'Whessoe' storage tanks in background (right). 'Covhop' wagons on rail line	1975

YDB 59/12/34/57	New sulphuric acid plant chimney during construction		1975
YDB 59/12/34/58	Old sulphuric acid plant chimney [being taken down]	Rail lines in foreground	c1976
YDB 59/12/34/59	New sulphuric acid plant chimney during construction		1975
YDB 59/12/34/60	New sulphuric acid plant chimney during construction	Large cooling tower (Davenport's) in background	16 July 1975
YDB 59/12/34/61	Acco blower on No2 Paxman rotary filter, also with new type of Canadian valve	Paxman rotary filters were used to remove precipitated impurities from neutral sodium orthophosphate liquor on Wet Salts plant prior to spray drying and subsequent calcination to Sodium Triphosphate (STPP)	Oct 1963
YDB 59/12/34/62	Rotary filter on 'Wet Salts' (phosphates)		c1960s
YDB 59/12/34/63	Control panel on Phosphates plants DS2 and DS3	Three of	c1960s
YDB 59/12/34/64	STPP Mill on phosphates		c1960s
YDB 59/12/34/65	Rotary kiln being installed at Solway sulphuric acid plant		1953
YDB 59/12/34/66	DS4 Phosphates plant showing rotary kiln	Group photograph with left to right - unknown, John P Hennedy (CED), Alf Hyde (CED), W(Bill) T Watson (CED) [CED= Corporate Engineering Dept]	post 1976
YDB 59/12/34/67	New sulphonation drumming-off complex	with 2 unknown operators	17 April 1984
YDB 59/12/34/68	Washing-up bottling line	Operator Gordon Starkie doing some 'fettling. Washing-up liquid was supplied to most major supermarkets	c1970s
YDB 59/12/34/69	Sea outfall through which effluent was discharged into the Irish Sea	shows unidentified worker	c1970s
YDB 59/12/34/70	General view of the 'Lagoon'	2 unidentified personnel. Dates from after F5 phosphoric acid plant closed	post 1992
YDB 59/12/34/71	Solway sulphuric acid silo prior to demolition		19 Sep 1988
YDB 59/12/34/72	Interior of 'Lagoon' following conversion from phosphates rock store to effluent 'treatment'		post 1992
YDB 59/12/34/73	3 Rotary kilns at Solway sulphuric acid plant	NCB rail wagons in background and roadway to anhydrite mine and offices	c1960s

YDB 59/12/34/74	Sulphuric acid kiln during demolition process	'New' Solway chimney in background	5 Oct 1988
YDB 59/12/34/75	Ductwork at Solway sulphuric acid plant		July 1976
YDB 59/12/34/76	Opening of the CHP ( Combined Heat and Power) plant	Joint venture with National Power - 2 units (STPP stack in background)	1994
YDB 59/12/34/77	View of the inlet pipework feeding effluents into the 'Lagoon'		post 1992
YDB 59/12/34/78	Maintenance work at the factory outfall	Civil Engineer Tim Stakes with unidentified operators	c1990s
YDB 59/12/34/79	HM Queen Elizabeth II being presented with a model of a phosphoric acid molecule [H3PO4]	Visit to open F5 phosphoric acid plant. Personnel left to right - unknown, Ernie Anderson, 4 unknown, Jeff Bawden, Queen, unknown	21 Mar 1980
YDB 59/12/34/80	General view of works looking south-east	Taken from the MO tower - purified phosphoric acid tanks in foreground, fatty alcohol and ethoxylation complex in near centre, Davenport's cooling tower on right, Solway chimney and previous chimney being taken down in right distance, D2/3 and D4 STPP plants left in distance, Sulphonation plants far centre, R&D and DEW buildings in centre distance and rail traffic in centre	post1976
YDB 59/12/34/81	Sulphonation plant	with unidentified operator	1 Nov 1983
YDB 59/12/34/82	Sulphonation plant	unidentified operator	1 Nov 1983
YDB 59/12/34/83	Reactor 11B on Oil additive plant	[Possibly Eltesol plant ]	c1980s
YDB 59/12/34/84	S4 washing powder plant		c1980s
YDB 59/12/34/85	New fatty alcohol plant under construction	looking south-west - long low building in background	c1963
