Recycling in Carlisle Some handy hints.

**Make it easy** and part of your routine. Keep your recycling container close to your standard rubbish bin.

**Keep it clean.** It's a lot nicer when items are clean. Try to give them a rinse with the dishwater before draining it away.

**Squash it up.** Squashed items take up less space in your box and are easier to collect.

**At the kerbside**
- Please place your recycling containers at the kerbside by 7.00am on collection days. If you require another service calendar contact Carlisle City Council.
- Try to make sure they are visible to the collection crews.
- Take boxes, bags and bins back in as soon as possible following collection.

**At Recycle Points and HWRCs**
- Make sure you use the right collection banks.
- Don't leave any rubbish or even recyclables next to the collection banks.
