

# Early - Positive Approaches to Support (E-PAtS)

A programme for parents of children where developmental delay/learning disability is suggested.

## Aims of the Programme:

- To support parents to identify and understand behaviour that may challenge at the earliest opportunity
- To support parents to learn about what services are available in the local area that may meet their child's needs
- To support parents to learn about and develop techniques around sleep, communication, sensory
- To create a support network of peers who may be able to share problems, experiences and solutions in parenting a young child with developmental delay / learning disabilities.

## Who is it for?

The programme is for families of pre-school age children where learning disability / developmental delay is suggested.

The E- PATS Programme lasts for 8 weeks and involves parents in a weekly commitment to two and a half hour sessions.

Two parent/ carers can attend from each family with a maximum of 10 families.
