

E-School Nurse Video Clinics

Online health support for teachers and professionals supporting children and young people aged 5 – 19 years old.

In order to provide health support and advice for children aged 5 – 19 years we have launched twice weekly online E-School Nurse video clinics.

TUESDAY and THURSDAY
12.30 – 4.30pm

Instead of being face to face you will be able to talk to the nurse over a live video link that is private, secure, confidential and convenient for you

In consultation with you, the nurse will assess the child or young person's health problem and provide you with the support and advice needed.
