Funding & Financial Assistance

Full range of funding schemes for those affected by

flooding now in place

7 separate funding schemes are now in place to support households and businesses affected by flooding:

1. Government funded fixed payment of £500 to each household where a property has been flooded.

For those properties that already pay their council tax by Direct Debit the good news is that you don't need to do anything. This payment will be paid directly into your bank account and the payment will show up as a payment from Allerdale Borough Council who are administering the scheme.

If you do not pay your council tax by direct debit then please contact your Allerdale Borough Council who will be happy to help you apply for the payment.

Allerdale Borough Council customer.service@allerdale.gov.uk or call 01900 702 600

2. Household Flood Resilience Grant Scheme

The Prime Minister announced on 9th December 2015 a scheme to provide grants of up to £5,000 to homeowners that had been flooded over the incident period 3- 11th December 2015 to help fund additional flood resilience or resistance measures for homes. This funding is now available for works associated with flood protection of properties affected by the flooding.

For more information visit www.cumbria.gov.uk

Cumbria Flood Factsheet

Households that have been flooded and think they may be eligible should contact Allerdale Borough Council for an application and further information at www.allerdale.gov.uk or call customer services on 01900 702600

Grants are intended only to fund measures which improve the property's resilience or resistance to flooding, over and above repairs that would normally be covered by insurance. Grant application forms should be submitted and approved in advance of committing expenditure. If applications are retrospective there is a risk to the homeowner that costs may not be eligible.

3. Council Tax Relief scheme

The Council Tax relief scheme will apply to Council Tax payers within both Unoccupied and Partly Occupied properties. The relief will be available from the 12th December 2015.

- * for a maximum period of 12 months.
- * Will cease on reoccupation of the whole premises
- * Will be subject to verification by Council Officers

Grants can be used for a wide range of activities to support survival and recovery such as marketing, interest payments on new and existing loans, specialist advice, training, equipment and other activities supporting implementation of a recovery action plan.

Growth Hub advisers are available free of charge to assist with development of action plans and help put together the application. All applications must be reviewed and signed off by a Growth Hub adviser.

They can also provide other practical advice and support and link businesses into other advice, support and funding available to them.
