Cumbria Flood Factsheet

Flood sacks are items which swell when placed in water and can act as a barrier, much like a sand bag, to divert water. When dry they are light and reasonably flat so they can be stored for when they are required.

If you are worried about flooding you can also get sandbags and flood sacks from builders merchants.

Please remember that sandbags and flood sacks are only an aid to slowing down water ingress. They cannot be relied upon to protect your property from flooding.

Refuse Collection

New arrangements are now in place for the removal of flood-damaged waste from homes and businesses.

The Council collected hundreds of tonnes of flood damaged goods and material in the weeks immediately after the storms which hit the area in December.

The rules on the disposal of building material, such as plaster and plasterboard were relaxed by Cumbria County Council and the Environment Agency in the immediate aftermath of the floods, which meant the Council could take this type material as part of its normal collections. This was to help businesses and residents recover and start repair work as quickly as possible. However, the relaxation on the rules ended on 31 January 2016 and so Allerdale Borough Council is no longer able to provide this service.

Individual householders can take any bagged building material to the local municipal waste sites in Maryport, Workington or Wigton. For further advice on disposing of this material, call Allerdale Borough Council on 01900 702 800.

Any material produced by building contractors is deemed to be commercial waste and should be disposed of by them in the correct way, as required under their duty of care as commercial waste producers.

Allerdale Borough Council also offers a bulky waste collection for householders. Residents can have up to six items collected for £19.17. This includes items such as sofas, fridges and mattresses.

Allerdale Borough Council officers are committed to help all those that have suffered as a result of the flooding. For advice on waste collection please contact them on 01900 702 800.

HWRC Permit Scheme Update

Cumbria County Council temporarily suspended the HWRC permit scheme for flood affected householders during the floods to enable disposal of flood damaged waste. The permit scheme was reinstated from Monday 11 January. This means that any householders wishing to visit a HWRC with a van, pickup or trailer will need a permit. Permits can be applied for online through the Cumbria.gov website or by calling 0845 055 1119.

Crime Prevention Advice

Fraudulent activity / door steppers:

- Use people/firms you know, obtain several quotes, and don't let unknown traders persuade you into having works done
- If in doubt tell the caller to leave and do not let someone into your home you do not know – genuine traders will not try to pressurise you
- Look out for neighbours and friends – especially those who are vulnerable and elderly
- Call Citizens Advice Consumer Service on 03454 040506 for advice or to report a suspicious trader, or call 101 to report an incident to the police

Protecting property:

- When it is safe to return to your property, please consider removing items of financial and sentimental value to a safe venue, e.g. a relative's address
- If you are looking to ventilate your property, remember to close and secure doors and windows on departure/when going to bed
- Remain vigilant; community spirit is critical at this time, please look out for your neighbours
- Challenge people you do not recognise, genuine people will not be offended by this. If you do not have the confidence to challenge, report it
- If it looks suspicious or out of the ordinary, report it to Cumbria Police on 101

Cumbria police and partners urge residents to register on Cumbria Community Messaging. A free information service through which you can receive updates on what is happening in your area. You can register online at: <https://www.cumbriacommunitymessaging.co.uk/>. Updates can also be found on the Constabulary website (www.cumbria.police.uk), and the Constabulary's Facebook and Twitter accounts (@cumbriapolice).

In Cumbria this will mean a fixed payment of £500 for a household that has been flooded.

For those properties that already pay their council tax by Direct Debit the good news is that you don't need to do anything! This payment will have been paid directly into your bank account and the payment will show up as a payment from your local district council who are administering the scheme. The first payments were made before Christmas.

If you do not pay your council tax by direct debit, or you haven't received the automatic payment and think you are eligible, then please contact your local district council who will be happy to help you apply for the payment.

The grant is to assist households and businesses carry out measures in their properties to help them recover quicker from a flood should it occur again, making the property more resilient.

If you would like further information on the grant scheme, then please contact your local district council. They will be able to provide you with information on the application process and will be able to direct you towards information from professional sources to assist you with your application.

Part of the eligibility criteria allows you to get a qualified surveyor to assess your home and make a professional recommendation as to how the money is best used/invested. £500 of the overall £5000 can be claimed against that cost. Alternatively there is free advice available on the DEFRA website.
