Need for places

8. A statement and supporting evidence about the need for places in the area including whether there is sufficient capacity to accommodate displaced pupils.

Brampton Junior School will be extended by the addition of two extra classrooms and other accommodation including nursery facilities.

The reduction recognises that building work proposed to take place associated with the proposal will not replace the whole of the discontinued Brampton Infant School premises. It does, however, represent a reduction in the overall capacity currently available at the two schools. This recognises that there are a number of surplus places at the existing schools and projections are still showing a decrease.

9. Where the school has a religious character, a statement about the impact of the proposed closure on the balance of denominational provision in the area and the impact on parental choice.

Places will be available for displaced pupils at the enlarged Brampton Junior School from 1 September 2008.

Brampton Junior School will be extended by the addition of two extra classrooms and other accommodation including nursery facilities

Impact on the Community

There should be no impact on the community through the closure of Brampton Infant School
