

Equality Impact Assessment – School Organisation Change

Consultation on the potential change of age range to St Bees Village Primary School

Directorate	People
Functional Area	Schools and Learning
Assistant Director Responsible for EIA	Dan Barton
Functional Area of EIA or Proposal	School Organisation

Aims of the EIA

Purpose of the EIA	To identify risks associated with the potential change of age range to St Bees Village Primary School
Summary of findings	<p>There are some potential negative impacts that have been identified.</p> <ul style="list-style-type: none"> • Staffing arrangements and teacher/children ratios differ between governor-led and maintained nurseries. <p>These issues could be reduced in their impact through the actions proposed. Any other issues identified during the consultation process will be addressed appropriately at a later stage and added to this assessment.</p>
Scope of the EIA: <ul style="list-style-type: none"> • One directorate • Cross directorate • Outsourced organisation 	<ul style="list-style-type: none"> • One Directorate – People • St Bees Village Primary School • Schools with abutting catchment areas • The local community

Phase 1: Gathering information

List examples of background information that you think are **relevant**. If carrying out an assessment of a proposal this section should include the data used to establish whether the proposal has an impact.

Type of information	Findings
The School Organisation (Establishment and Discontinuance of Schools) Regulations 2013	http://www.legislation.gov.uk/ukxi/2013/3109/contents/made
Equality Needs Analysis	http://www.cumbria.gov.uk/equalities/
Cumbria Observatory (Children's Centre Profiles)	St Bees Village Primary School lies in the Egremont Children's Centre Footprint. Profiles of the Children's Centre footprints can be found at: https://www.cumbriaobservatory.org.uk/childrens-centre-footprint-profiles/
Education	Ofsted Inspection Report: Good 2018 Link: https://reports.ofsted.gov.uk/provider/21/112164
Ethnicity	6.3% of all pupils are from a Black Minority Ethnic (BME) background (January 2022 School Census) and there are 89 languages spoken in Cumbria's schools. Carlisle has the largest proportion of pupils who speak English as an Additional Language.
Special Educational Needs	Schools monitor pupils by category of Special Educational Need rather than disability. The population of children with different Special Educational Needs is monitored to help ensure we have the provision as well as the policies to meet these needs, thus improving equality of opportunity.
Gender	In line with national data there is an attainment gap between girls and boys at KS1 and KS2. In Cumbria in 2019, the gap between the performance of the boys and girls for reading, writing and maths combined at KS1 was 12.1 percentage points for those achieving the expected standard. For KS2 the gap was 7.5 percentage points for reading, writing and maths combined.
Social Care	The Children's Social Care service collects data on age, gender, ethnicity and disability. Issues arising from an analysis of the information include the proportion of BME and mixed race children seeking adoption compared to White British families

and the supply of BME fosterers and adopters.

Phase 2 Impacts

From the evidence above use this section to identify the risks and benefits according to the different characteristics protected by the Equality Act.
