Key Stage 1 Activity Days at Cumbria Outdoors

Teddy Bears Picnic
A story of survival in the woods!
Children bring their favourite teddy to Hawse End and are read the Teddy Bears Picnic story before discovering what teddies need to survive in their environment; shelter, water, air and food. The children take part in activities including teddy bear tag and shelter building...before joining their teddies for a special picnic.

Treasure Island Adventure
Embark on an epic boat journey across Derwentwater in search of treasure! A message in a bottle leads the children to find maps and treasure but alas...they have no keys to open the chests!

Using map reading, co-operation, problem solving and team work skills the children will find the keys to claim their treasure, before returning to Hawse End on the boat.
Value
Cumbria Outdoors is a traded service, and is part of the Environment and Community Services Directorate, within Cumbria County Council. We have extensive experience of working with groups of all shapes, sizes and budgets. Therefore, we are, fully committed to working with each of our clients on a “bespoke” basis, to ensure that the children and young people in your care, have the opportunity to share in the Cumbria Outdoors experience, whilst you receive value for money.

Safety, quality and experience
All activities are led by our qualified Outdoor Education Leaders who are experienced professionals in their field, with a sound local knowledge.

All centres hold Adventure Activity Licences and comply with all current Health and Safety legislation and regulations. We hold The Association of Heads of Outdoor Centres Gold Award, and Adventuremark accreditation.
