

## YOUNG PEOPLE'S ADVISORY FORUM - DECEMBER 2015

### WHAT YOU SAID ...

### THE MEETING

The subject of the meeting was CSE (child sexual exploitation). This was an area that we felt that we didn't know much about so we started the session with a film and an activity. We felt that the film was good and should be delivered in schools or youth settings. We felt that a more relaxed approach is better as it makes us more comfortable and able to speak freely. One or two members had seen the film at school, it should be shown in Year 9 as by Year 10, people are in these groups and we feel it is too late.

Deborah Royston Chair of the LSCB CSE group attended and gave us an overview of the situation in Cumbria which was interesting. We gave Deborah our feedback for the CSE group and the LSCB, we will be presenting this to the Board in January 2016.

We think that more information should be available for parents / carers and also for young people. The LSCB could promote family time – schools could promote family life, values and relationships in assemblies / PSHE.

### QUESTIONS FOR THE LSCB

What's in place at the moment for victims? What's available for younger people? Could the LSCB promote clarity between who is doing what?
