

Commons Act 2006 - Schedule 2 (7)
Application to deregister any other land wrongly registered as common land

Notice is hereby given that an application has been made by **Selwyn Sim and Pauline Sim** ("The Applicants") to Cumbria County Council as Commons Registration Authority, under Schedule 2 paragraph 7 of the Commons Act 2006 and in accordance with the Commons Registration (England) Regulations 2014.

The application relates to land to the south-west of Abbeytown shown edged red on the attached plan ("the Application Land") currently registered in the register of common land register units CL448 and CL450 as part of Bellwater Moss and Common Moss.

A summary of the effect of the application is as follows: the Application Land was provisionally registered, as common land on 7th May 1970 under section 4 of the Commons Registration Act 1965, pursuant to application numbers 2058 and 2062 made on 2nd January 1970 by the Trustees of Standish Settled Estates; A.E.B. Standish, G.M. Kerr and R.K. Lohead. The provisional registration, being undisputed, became final on 1st August 1972. The Applicants claim that immediately before its provisional registration the land was not: subject to rights of common; waste land of the manor; a town or village green within the meaning of the 1965 Act as originally enacted; or land of a description specified in section 11 of the Inclosure Act 1845(c.118). The Applicants claim that the Application Land was wrongly registered by the Trustees of Standish Settled Estates and have requested the removal of the Application Land from the commons register.

If the application is granted, in whole or in part, the commons registration authority will give effect to the determination by deregistering the Application Land, which will entail the addition of a registration amendment entries in register units CL448 and CL450 confirming deregistration of part, and the amendment or preparation of a fresh edition of the register maps showing only the remaining land contained in register units CL448 and CL450 as common land and the Application Land marked as deregistered.
